2: FULL SCREENSHOT OF THE LANDING / HOMEPAGE

3: FULL SCREENSHOT OF THE LANDING / HOMEPAGE Contd.

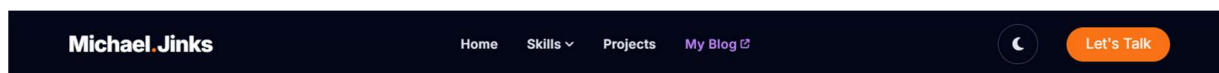

1.1. MENU BAR

Overview

This feature / section of the site is at the very top of the landing / home page. It is a constant feature in all other pages of this but with minimal changes. It occupies the full 100% width of the landing page. It is captured in a dark frame with no borders, a mild glassmorphic effect and permanently anchored to the top. Starting from the extreme left to the far right are six (6) main clickable links;

- 1.1.1. Logo
- 1.1.2. Home
- 1.1.3. Skills
 - 1.1.3.1. Frameworks
 - 1.1.3.2. Currently Learning
 - 1.1.3.3. Non-Technical Skills
- 1.1.4. Projects
- 1.1.5. Blog
- 1.1.6. Theme Toggle
- 1.1.7. Let's Talk (Contact) Button

4: SCREENSHOT OF THE MENU BAR

1.1.1. Logo

This is captured on the leftmost corner of the menu bar. It shows the corporate branding / personal signature of the website owner (Michael Jinks) and links directly to the home domain at index.html

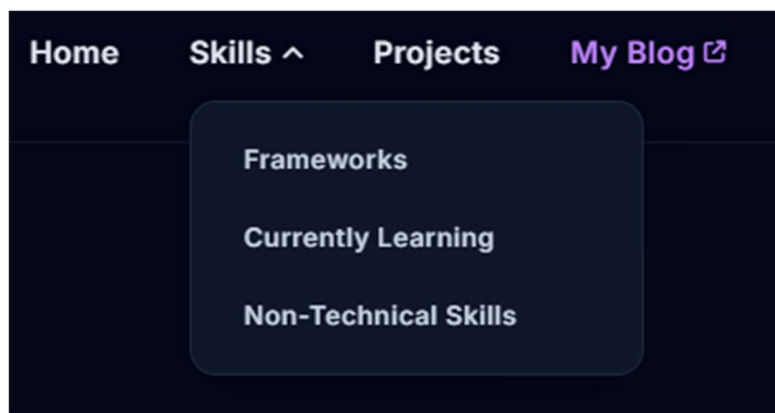

5: WEBSITE LOGO

1.1.2. Home

This links the user to the hero section of this landing / home page. See more details of the hero section in 1.2. below.

1.1.3. Skills

This is a link to the skills section of the website. It has three sub-links accessible on a mouse hover or simple tap;

6: SCREENSHOT OF THE SKILLS SUB-MENU

1.1.3.1. Frameworks

This links / takes the user to the frameworks I've mastered sub-section of the skills section on this page

1.1.3.2. Currently Learning

This links / scrolls the user down to the frameworks, tools and technologies I'm currently learning sub-section of the skills section on this page

1.1.3.3. Non-Technical Skills

This links / navigates the user to the non-technical skills sub-section of the skills section on this page

1.1.4. Projects

This is a link to the projects section of the website. On click, the pages is scrolled to the section showing a few of my latest projects.

1.1.5. Blog

This link takes the user to a different page in the website where the blog system lives.

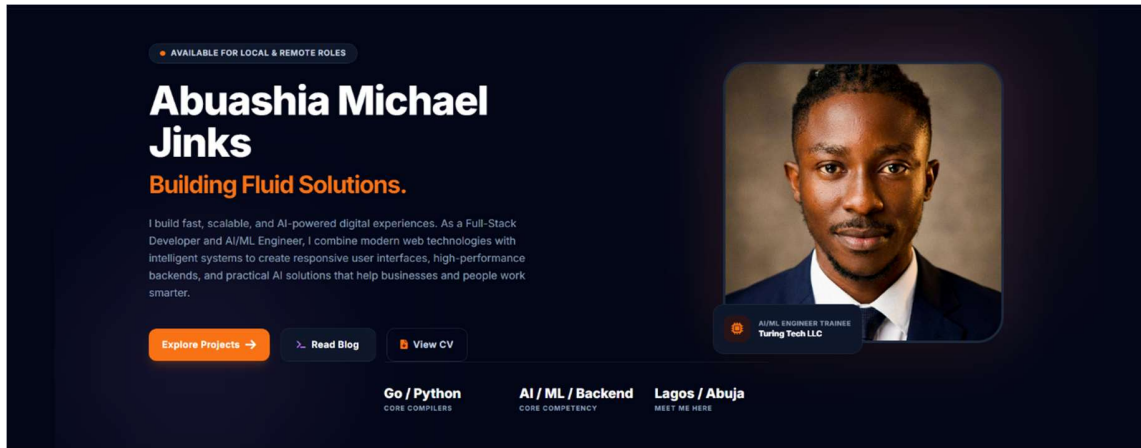

1.1.6. Theme Toggle

This is a button that is used to switch between light mode and dark mode.

1.1.7. Let's Talk Button

This button will navigate the user down to the lowest part of the current page right next to the footer where the contact form and contact details are populated.

1.2. HERO SECTION

7: SCREENSHOT OF THE HERO SECTION

Overview

This section of the site is visible at the top part of the landing / home page right below the menu bar. It appears only here. It occupies about 85% of the width of the landing page. It is captured in a dark frame with no borders and has two columns as seen in figure 6 above. Starting from the left column are the following ;

1. A callout text announcing the owner's availability for both remote and on-site roles
2. The owner's full name in prominent & bold font.
3. A 3-word phrase announcing what the owner is about.
4. A paragraph of introductory text about the owner and their philosophy.
5. There is also a row of three (3) clickable CTAs (Call to Action) links / buttons;

1.2.1. Explore Projects

This button navigates the user to view a full page of the owner's projects.

1.2.2. Read Blog

This button will open the owner's blog page in a new blank browser tab / window.

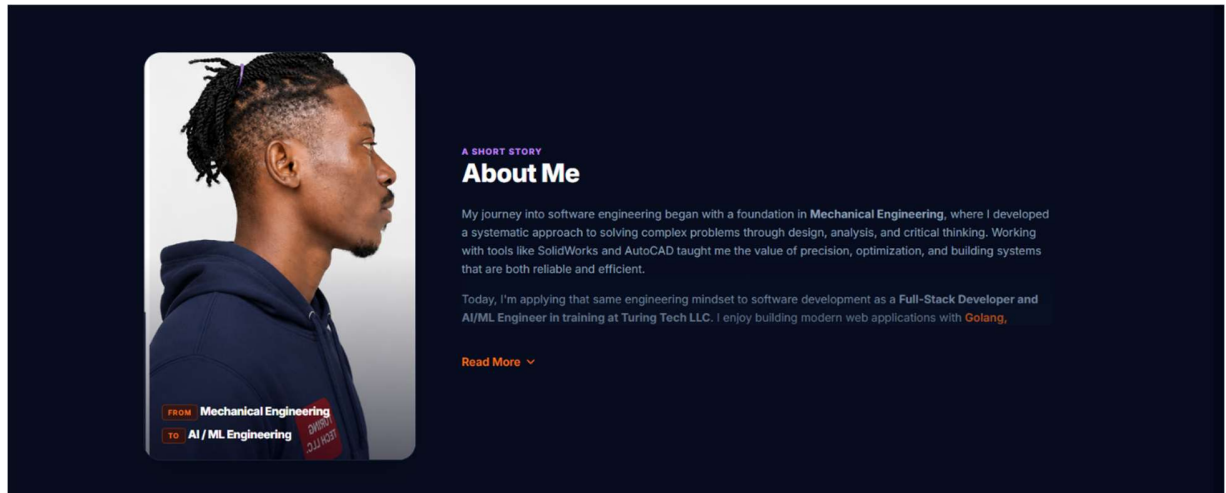

1.2.3. View CV

This button directly downloads the owner's resume in PDF format into the users device for offline viewing.

Other Details

- The right column on the other hand solely carries a portrait of the portfolio owner and labeled with their current role and organization name.
- Below the two columns is a row of three groups of text that read out the owners;
 - Main language interest
 - Core focus
 - Location

1.3. ABOUT ME SECTION

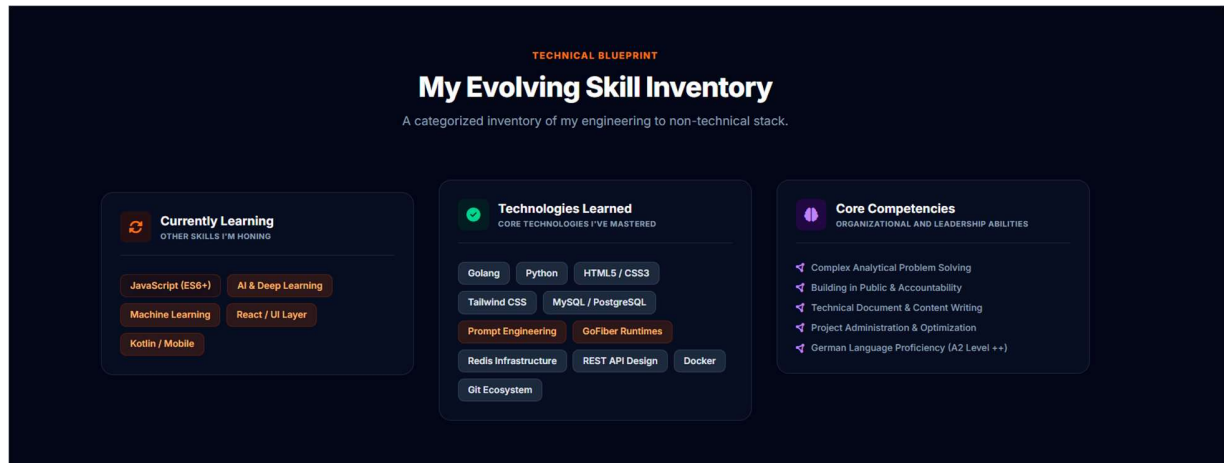

8: SCREENSHOT OF ABOUT ME SECTION

Overview

This section of the site comes right below the hero section. It occupies about 85% of the width of the landing page. It is captured in a dark frame with no borders and has two columns as seen in figure 7 above. Starting from the left column is a profile image at a 5:7 aspect ratio and two simple labels summarizing the owner's journey while on the right is the heading to the section, a couple of paragraphs talking more about the Owner of the website and a read more link to collapse and expand the content of the paragraph text.

1.4. SKILLS SECTION

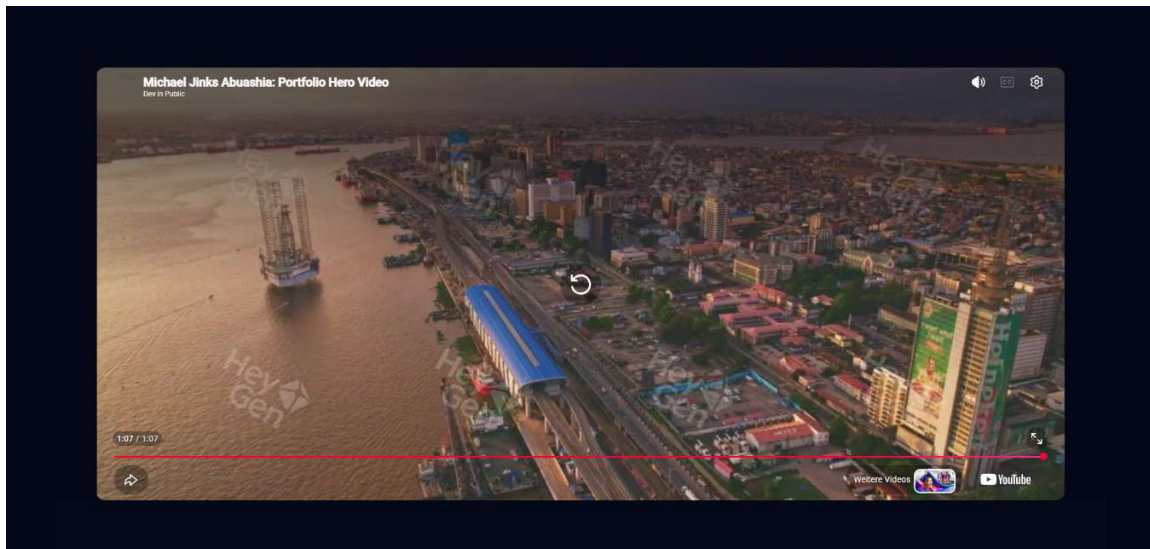

9: SCREENSHOT OF SKILLS SECTION

Overview

This section lists out the owner's skills categorized into three groups shown below. The section has a borderless heading section at full width followed by three columns of navy colored background and light gray borders.

- Currently learning
- Technologies learned
- Core competencies

1.5. CORPORATE VIDEO

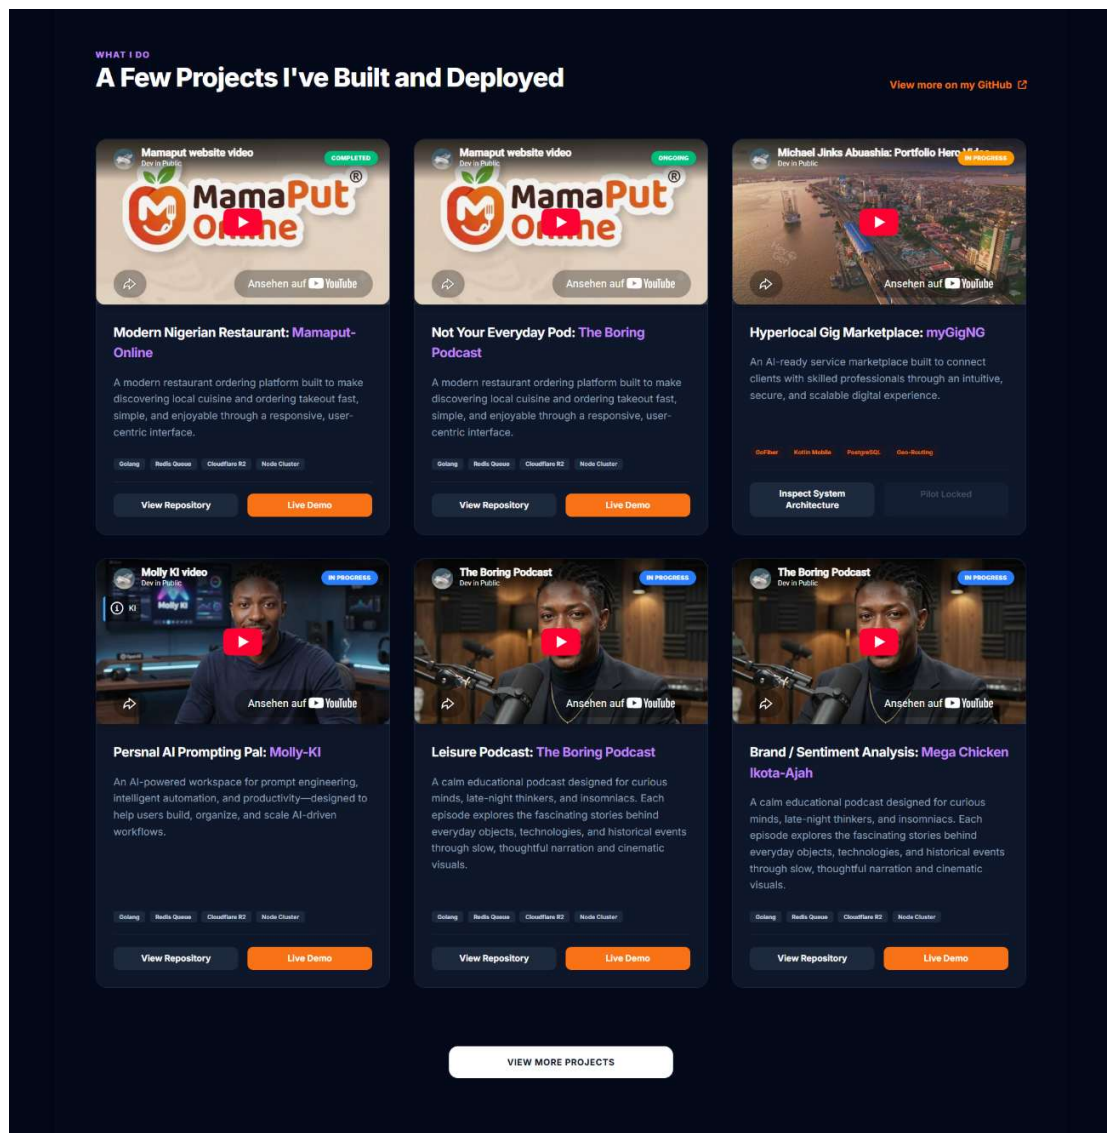

10: SCREENSHOT OF CORPORATE VIDEO

Overview

This section features a single YouTube-hosted one minute video of the owner's career, some of his deployed projects and his competencies. The video was created using AI (Heygen in particular).

1.6.

PROJECTS SECTION

11: SCREENSHOT OF PROJECTS SECTION

Overview

This is the section of the landing page that contains the latest or most ranked projects in the portfolio. It occupies about 85% of the width of the landing page. It is captured in a dark frame with no borders, a heading text and a link to the owner's GitHub repository and then three columns of cards in two rows as seen in figure 10 above.

Project Card Design

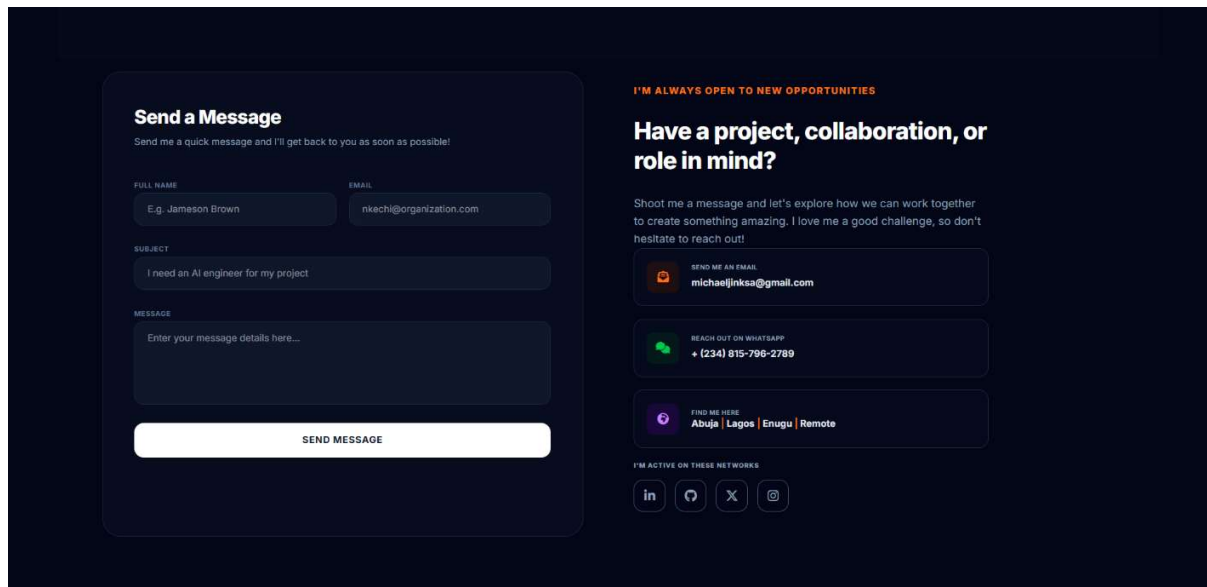

Each project card contains the following features;

- A video hosted on YouTube to latch-off of the free availability of YouTube servers while also reducing load times, creating a possible source of passive income and increasing SEO through cross-posting.
- A bold project title.
- A short paragraph describing the project.
- A cloud of tags indicating the tech stack used for creating the project.
- Two prominent CTA buttons.

Other

A large “View More Projects” button that will take the user to a projects.html page (yet to be implemented) with all the owner’s projects past and present.

1.7. CONTACT SECTION

12: SCREENSHOT OF CONTACT SECTION

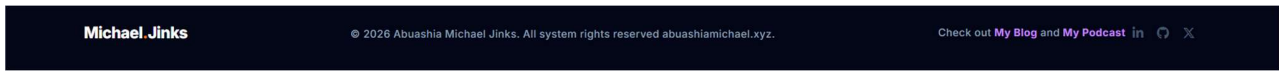

Overview

This section occupies about 85% of the width of the landing page. It is captured in a dark frame with minimal borders around each of the two columns as seen in figure 11 above. On the left column is a short form to send a message directly from the site using formspree. It is preceded by a prominent heading and subheading text. The form contains fields for Full name, Email, Message Subject, Message and a Send message button. On the right column there is also a heading and subheading followed by an email link, WhatsApp / phone number link then cities where the site owner can be found.

At the lowest part of the section is a row of four social media links that open up to blank browser tabs / windows.

1.8.

FOOTER

13: SCREENSHOT OF THE FOOTER SECTION

Overview

This section of the site is visible at the lowest part of the landing / home page right below the contact section. It appears only once in the landing page. It occupies about 100% of the width of the landing page. It is captured in a dark frame with no borders and has some elements as seen in figure 12 above. Starting from the left column are the following elements;

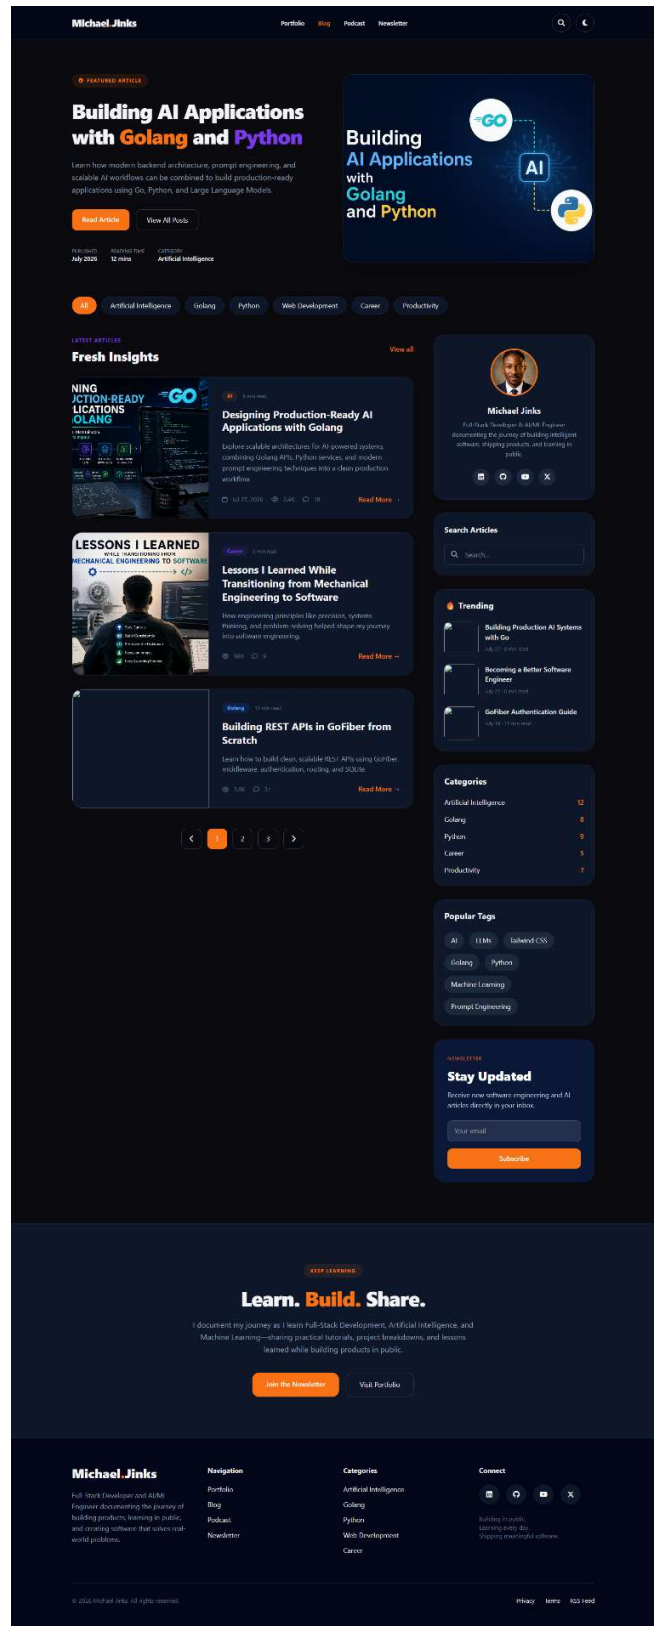

- Logo.
- Copyright text.
- Blog page link.
- Podcast link.
- Social media links (LinkedIn, GitHub, X).

2.0 BLOG PAGE

Overview

This page encapsulates the complete blog engine of the website. All other sub-pages like the individual blog posts are accessed from here. See attached image 14 for the full layout of the blog page. On this page are the following features;

- 2.1 Menu bar
- 2.2 Featured article section
- 2.3 Categories bar
- 2.4 Latest articles
- 2.5 Sidebar
 - 2.5.1 About author
 - 2.5.2 Trending
 - 2.5.3 Categories
 - 2.5.4 Popular tags
- 2.6 Newsletter signup section
- 2.7 Footer section
